04

Zonal Toppers
Top Teams from Each Zone - Certificate of Appreciation.

05

Top 10 teams
Partial reimbursement of accommodation expenses;

PROF. C AMARNATH AND DR. HEMANT PATEL NATIONAL RADIOLOGY RESIDENTS QUIZ 2027

DISCOVERING TALENT, INSPIRING LEARNING, ADVANCING RADIOLOGY...

01

Rules & Regulations

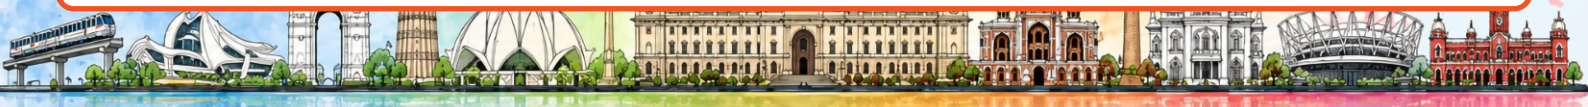

1. Following the success of previous editions, YUWA IRIA will conduct the National Radiology Quiz 2027 from October 2026 to January 2027. The screening round will be conducted online. The remaining rounds will be conducted onsite during the IRIA Annual Conference in Delhi in January 2027.
2. The top two teams from the National Quiz, together with the winner of the previous year's quiz, will be eligible for the semifinal round of the International Radiology Resident Quiz at the IRIA Annual Conference, Delhi, in January 2027.
3. Online registration for the IRIA National Radiology Quiz 2027 is free but mandatory.
4. A maximum of four teams may participate from one hospital, institution or college. If more than four teams from the same institution participate or are submitted, all teams from that institution will be disqualified from every round. Institutions and participants must coordinate and finalise their four teams before applying.
5. Each team must consist of exactly two eligible postgraduate students from the same institution. A person cannot participate alone as a team in any round. Each participant must independently satisfy every eligibility condition; the ineligibility or disqualification of either participant will disqualify the entire team.
6. Once submitted, team composition is final. Team members cannot be substituted or swapped. Both members must remain present and participate throughout every round; absence of either member at any stage, for any reason, will disqualify the entire team.
7. For every online round, both team members must log in together from the same laptop or desktop. Suitable equipment, power supply, internet speed and uninterrupted connectivity are solely the team's responsibility. Organisers will not be responsible for any resulting loss of time, connectivity or performance.
8. Organisers will make reasonable efforts to provide a uniform and fair platform. MCQ rounds will be computer-scored. Non-MCQ and interactive rounds will be assessed by neutral faculty other than the session faculty, with suitable faculty orientation to minimise bias and conflicts of interest.
9. Teams must strictly follow all general rules and every round-specific instruction for online and onsite rounds.
10. Quiz coordinators and technical staff will monitor teams for unfair means. Suspected malpractice, impersonation, outside assistance or violation of instructions may result in immediate disqualification from all subsequent rounds.
11. All submitted information and documents may be verified with the institution, IRIA or other issuing authority. False, altered, incomplete or misleading information will lead to disqualification at any stage.
12. The organisers' interpretation of the rules and regulations and the decision of the Quiz Core Committee will be final and binding. Participants must not request special concessions or attempt to influence organisers, evaluators or the process at any stage.
13. Queries may be emailed to quiz@iria2027.com. Raising a query does not suspend or extend any deadline. All dates and cut-off times notified by the organisers will be treated as Indian Standard Time (IST).

02

Eligibility Criteria

1. Students pursuing MD, DNB or Diploma Courses in Radiology are eligible. The date of course completion [final practical exams] should be after 30th January 2027.
2. The proof of valid provisional membership of IRIA can be email or provisional membership number of IRIA or receipt of application of membership of IRIA. No other proof of IRIA provisional membership will be considered as valid proof.
3. NEET-PG course allocation letter [NMC / DNB] and the IRIA student membership certificate should be uploaded online during the Quiz Registration process and to appear for the screening rounds of the quiz.
4. In addition, the registration for IRIA – 2027 Annual Conference at New Delhi is MANDATORY to be eligible for the subsequent rounds - Quarter Finals, Semifinals and the Final Rounds.
